## About Myself

I am Zend Certified PHP Engineer (ZCPE) and fluent in English having more than 9 years of working experience in web industry as a Sr. Engineer. My vision is to gain confidence and fame using my potential in the field of Web Development, and express my innovative creative skills for myself and my company.

## Employment

### Fair Pattern Inc. (A USA Based Company)

2015 - Present

Sr. Software Engineer

Building a social networking for entrepreneur in Laravel. Responsible for working on a range of projects and interacting on a daily basis with graphic designers, other talented back-end developers and QA Team. Worked as part of a multi-disciplinary team, carrying out ad-hoc tasks as requested by the IT Manager. Had daily meeting to ensure the application build for customer's precisely matched their requirements

### Nexus Web Consultancy Ltd.

2010 - 2015

Sr. Web Developer

- Developing and maintaining the front end functionality of websites
- Participating in discussions with clients to clarify what they want.
- Designing prototypes for apps and websites
- Creating logos, banners and buttons for web sites.
- Writing cross browser compliant XHTML, CSS & JavaScript
- Simultaneously managing several databases and reporting tools
- Provide guidance to other team members on web development issues.
- Developing websites that have a consistent feel and look throughout all web properties
- Providing technical support to end users.
- Identifying and correcting software deficiencies
- Devising SEO strategies based around specific keywords

### BJIT Ltd.(Bangladesh-Japan IT)

2008 - 2009

PHP Developer

My main responsibility is building flexible, modular and well tested JavaScript/HTML/CSS based applications. Some of them require real time communication, so I have the luck to work with various Javascript frameworks. Along with that I'm using node to improve and speed up my workflow. Coding cross-browser web sites, I'm happy to say that I produce responsive apps.
